Symbols

	Pressure Injury Symbol Bundle A cares in place – is the default symbol for all admissions
	Pressure Injury Symbol Bundle B cares in place
	Pressure Injury Symbol Bundle C cares in place
	Pressure Injury Symbol Bundle D cares in place
	Patient's admission is registered with ACC
	Patient has had a Total Hip Joint Replacement
	Patient has been admitted with a fractured neck of femur
	Patient has had a Total Knee Joint Replacement
	Patient has been assessed as a high falls risk
	Patient has bone or tissue awaiting collection from the mortuary
	Patient has been accepted to the rehabilitation ward and is awaiting transfer
	Patient has been accepted to the rehabilitation ward and is currently being managed by the Sub Acute Rehab Team
	Patient has brought in their own medications and has had them put in a Green Bag and placed in a secure cupboard in the medication room
	Patient has a NIMBUS mattress on their bed frame
	Patient has an FTS Mattress on their bed frame

Appendix 3 Business rules for ward one white board

The Electronic Whiteboard is useful in trying to minimise manual error with inputting patient information. It will be used to identify useful prompts and is fed from Trendcare Inpatient Shift Data. It is really important that you update from "Refresh Details from PMI / Booking Information" as this will auto fill most of the fields

FIELD	POPULATED BY:	FIELD	POPULATED BY:
BED	Trendcare inpatient shift data	DOCTOR	Patient details – if non ORTHO name all words in all fields are PURPLE (really important to refresh details from PMI/Booking information)
PATIENT	Patient Details – make sure you update from "Refresh details from PMI / Booking Information"	LOS	Auto populated from admission data
M/F	Patient Details – manual update when you <u>arrive</u> patient to the ward	DIET	General / Allocate Patient Diets – manual update when you <u>arrive</u> the patient
AGE	Auto populated from the Patient Details	EDD	Patient Details – there is an EDD tab that you select a date and shift
NURSE	Allocate Nurse Screen auto populates	NOTES	Inpatient Shift Data / Bed / Patient Notes / Medical Tab
DOM	Auto populated from PMI data of patient's demographic discharge location / address	ACC	Auto populated from PMI data for patients who are admitted as an ACC event

Basic Fields: Trendcare - Inpatient Shift Data - Bed/Patient Notes – Medical Tab (where the Nursing Notes that populate your Trendcare Handover Sheet are found)

TYPE PROMPT	RESPONSE	EXPLANATION FOR USE
Duplicate	Highlights the Patient Name ORANGE	For all patients with similar or same names – for same names type the FULL NAME of the patient as the first entry in the notes field
Border	A capital bold blue "B" beside the patient name	The patient has a nominated carer staying with them
Baby border	A lower case pink "b" beside the patient name	The patient has a baby border staying with them
Red Tray	Highlights the diet code SALMON PINK	For patients who need assistance or you are recording their intake
NBM	Highlights the diet code YELLOW	For all patients who are NBM
ERAS	Highlights the diet code GREEN	For all patients who are admitted under the ERAS protocol for enhanced nutrition
D/C	Highlights the notes field GREEN	For identification of patients who are to be discharged that day / shift
B-A	Green square with a black A	All patients who do not have a Bundle identified are automatically populated as Bundle A
B-B	Yellow square with a black B	For all patients who are a BUNDLE B PRESSURE RISK
B-C	Orange square with a black C	For all patients who are a BUNDLE C PRESSURE RISK
B-D	Red square with a white D	For all patients who are a BUNDLE D PRESSURE RISK
Falls	Falling Man Red Icon	For all patients identified as a HIGH FALLS RISK
THJR	Black "H" Icon	For all patients admitted for an elective total hip joint replacement
TKJR	Black "K" Icon	For all patients admitted for an elective total knee joint replacement
#NOF	Red "H" Icon	For all patients who are admitted acutely with a fractured neck of femur
Tissue	A bright green bone icon	For all patients who have tissue or bone stored following surgery
G-Bag	Blue / Green Pill	For patients who bring their own medications to hospital – "Green Bag Process"
FTS	Yellow bed Icon	For patients on a Flexible Therapy System Mattress (blue / grey mattress) = Bundle C & D
Nimbus	Blue bed Icon	For patients on an air alternating mattress = Bundle D with broken skin
